### INDEX AND GLOSSARY
- Cut to the Chase: 286

---

**Index Tab**
The index tab on the right-hand margin of each double-page spread is a navigational tool designed to help you find your way around the guide. The upper index lists chapters, while the lower index displays the different sections of the chapter you’re currently reading.

**Using the Foldout**
To find specific information with ease, be sure to keep the back cover foldout flipped open. It offers a user-friendly subject index that will help you find immediate answers to your questions.

**BHP Values**
The BHP values used in this guide are those found on the vast majority of game screens. These figures may vary slightly in certain menus.
